CATALOG and Price List *of* Trees, Shrubs and Plants

SEASON
· 1939 ·

A. W. STEINBRING
NEW BRAUNFELS, TEXAS

PLEASE READ BEFORE ORDERING

Always give full address when ordering or every time you write.

Shipping season generally between October 15th and April 15th.

Terms are cash with order, if for prompt shipment; all prices have been so figured to be net cash.

Packing is done in the very best manner, so as to assure safe arrival of goods.

Mistakes, if any are made by us, will be cheerfully adjusted, if reported promptly.

Transportation charges are to be paid by purchaser, and our responsibility ceases upon delivery to forwarding company. Claims for losses or damage must be made upon the latter.

Small trees and shrubs, and plants and bulbs can be sent by Parcel Post; if to be shipped this way, add 10 per cent to the price (10 cents on each dollar's worth ordered) to cover postage. All larger trees etc. shipped by express, safely and at low rates. Inspection certificates on every shipment.

Directions for shipping orders should be given; if express office is different from post office, this should be stated on order sheet.

We are very careful to send out only such stock as is healthy and true to name. We will replace any stock that may accidentally prove untrue to label free of charge, but beyond that we assume no responsibility for trees or plants living, productiveness, etc., due to conditions over which we have no control.

Address all letters etc.

A. W. STEINBRING

P. O. Box 613

R. F. D. Route No. 1

To My Friends and Customers

Again I take great pleasure in handing you a new edition of my annual catalogue of first-grade Nursery Stock. You will find the descriptions reliable and the prices reasonable. If you order from this catalogue I shall prove to you by fair and square dealings that your confidence is not misplaced.

I list only such varieties as are best suited to the different sections of our territory and climate. These varieties, under ordinary conditions, should produce the best results.

Orders will be booked at any time and shipped when wanted.

A home well planted with fruit and shade trees, shrubbery, and flowers, is one of the finest possesions one may have. Everything listed in this catalogue is of proven value in this latitude and climate.

Thanking all my friends and customers for their past patronage and soliciting a continuance of same, I remain, with best wishes,

Yours very truly,

A. W. STEINBRING

FRUIT DEPARTMENT

Prices are quoted per each, per 10 and per 100. 50 at the 100 rate

Peaches

Prices, 3 feet 20 cts. each, 10 for \$1.85, 100 for \$17.00; 4 feet 30 cts. each, 10 for \$2.80, 100 for \$26.00; 5 feet and up 45 cts. each, 10 for \$4.00.

Fine stocky trees, free from disease. A selected list of our best bearers.

MAYFLOWER. A beautiful "red all over" peach, of good size and good flavor. A good bearer for so early a variety. May.

SLAPPY. Yellow freestone of high quality. Skin lemon-yellow with crimson cheek.

BEST MAY. Large, red all over. No better early peach than Best May.

HONEY. Sweetest peach grown, good bearer. June.

MAMIE ROSS. (Cling.) Large size, good quality; bears well. Middle of June.

EARLY BELLE. Large white with red cheek, excellent flavor. A good bearer. Middle of June.

EARLY WHEELER. Large white. June.

GOLDEN JUBILEE. Fine large yellow. July.

CARPENTER. White clingstone. July.

PALLAS. White with red cheek, of good quality; annual bearer. June and July.

EARLY ELBERTA. Ripens about two

weeks earlier than Elberta, otherwise the same.

BELLE OF GEORGIA. Large, white and of fine flavor; bears well.

LEONA. Large yellow with red cheek; like Elberta, but ripens a little earlier and more regular in bearing.

J. H. HALE. Beautiful yellow freestone. Good shipper, keeps well, solid round fruit.

OLD MIXON CLING. One of the best Clingstones, juicy and of finest flavor; productive; August.

ELBERTA. One of the best for home or market; large, yellow, fine flavor; good bearer. July 15 to 25.

AUGBERT. (August Elberta.) A good yellow, resembling Elberta; ripens in August.

FRANK. Large yellow. A regular bearer to ripen late in the season.

INDIAN CLING. Large, juicy, good bearer. August.

HENRIETTA. A good late Clingstone; large yellow, red cheek. September—October.

STINSON'S OCTOBER. (Cling.) Large white with red cheek, flesh firm and juicy. October and November.

Plums

Prices, 3 feet 25 cts. each, 10 for \$2.30, 100 for \$21.00; 4 feet 35 cts. each, 10 for \$3.25; 5 feet and up 50 cts. each, 10 for \$4.50.

My plum trees are sound and healthy.

BRUCE. A large red, early plum. One of the best to ripen end of May.

METHLEY. Early, and good flavor bluish red. Middle of May.

BOTAN. (Japan.) Large, yellowish green overspread with red; sweet. June.

GONZALES. (Hybrid.) A large red plum, sweet and juicy; tree is a good grower and very prolific. June.

NONA. (Native.) Large, bright red color, juicy and of good quality. June.

SHIRO. (Hybrid.) Fruit large, yellow, egg-shaped; will keep for a long time; bears enormous crops. June.

SANTA ROSA. Large, of dark red color. Tree strong grower and good bearer. June.

WICKSON. (Japan.) Very large, red; tree of upright growth and very productive. July.

BURBANK. (Japan.) Large, roundish, flesh yellow, sweet when fully ripe; sure bearer. June and July.

SATSUMA. Large; blood red flesh, bluish skin; tree grows large and bears well. July 1.

PLUM-CHERRY. A cross between a plum and a cherry. Bears well.

Pears

Prices, except as noted, 3 feet 30 cts. each, 10 for \$2.75; 4 feet 40 cts. each, 10 for \$3.75; 5 feet 50 cts. each, 10 for \$4.75.

This list of selected varieties is well tested and proved valuable throughout the greatest section of the South.

GARBER. Fruit resembles Kieffer in size and color. Tree most vigorous and good bearer. Ripens a month before Kieffer.

KIEFFER. Fruit large to very large, bright yellow with red cheek, and of good quality when fully ripe. Tree vigorous, rarely fails to bear a full crop. One of

the best.

LE CONTE. A most rapid grower, and an annual bearer of large, pale yellow, bell-shaped fruit of the best quality. The pear that leads its way to the South. July and August.

DOUGLAS. A newer variety claimed to be blight resistant, and a good bearer. Fruit large with red cheek. Good quality. 2 to 3 feet 35 cts. 10 for \$3.25. 3 to 5 feet, 50 cts., 10 for \$4.75.

BARTLETT. Well known variety. But not recommended for South Texas. I have tried it, but without success.

Apples

Prices, 3 feet 30 cts. each, 10 for \$2.75; 4 feet 40 cts. each, 10 for \$3.75. good quality.

There should be a few apple trees in every orchard where soil is adapted to their culture.

YELLOW DELICIOUS. Size and shape same as the Delicious variety, but color is yellow.

DELICIOUS. Blushed and striped brilliant red, of conical shape; good grower.

WINESAP. Medium size, flesh red and of

BEN DAVIS. Large, red on yellowish ground; very valuable.

BLACK TWIG. A large apple similar to Winesap.

JONATHAN. Medium red, very fine eating apple. Tree a strong grower and very productive. July.

CRAB APPLES. These pretty apples are especially adapted for preserves. Trees bear young.

Apricots

Prices, 3 feet 30 cts. each, 10 for \$2.75; 4 feet 40 cts. each, 10 for \$3.75. red cheek; sweet and juicy. June.

The following are good varieties that we can recommend.

MOORPARK. Large, orange yellow with

CLUSTER. Fruit medium, yellow, good quality. Tree blooms late. June.

ROYAL. Large yellow with red, excellent quality. June.

Japan Persimmons

Prices, 3 feet 35 cts. each, 10 for \$3.00; 5 feet 55 cts. each, 10 for \$5.00.

HYAKUME. Large, orange red, very few seeds.

YEMONE. Fruit large, resembles a tomato, color orange yellow to red.

TANE-NASHI. Very large, yellow to red, seedless. Very good quality when fully ripe.

Quinces

Prices, 3 feet 22 cts. each, 10 for \$2.00; 5 feet 32 cts. each, 10 for \$3.00; 6 feet 45 cts. each.

The quince, a large yellow fruit, is only used for making all kinds of preserves and jellies.

Mulberries

Prices, 4 feet 20 cts. each, 10 for \$1.75; 5 feet 30 cts. each, 10 for \$2.75; 7 feet 40 cts. each, 10 for \$3.75.

BLACK ENGLISH. A fine, large mul-

berry. Tree a rapid grower and good bearer.

HICKS EVERBEARING. Tree a good grower, and produces large quantities of fruit for about two months.

Figs

Prices, nice little trees 25 cts. each, 10 for \$2.25; large size 35 cts. each, 10 for \$3.25.

MAGNOLIA. Fruit large, yellowish-white, productive. Very sweet.

BROWN TURKEY. Very hardy and one of the best bearers we have. Fruit brown, excellent quality.

CELESTIAL. A small blue fig, very productive. Very sweet.

Pecans

EASTERN VARIETIES

Prices, 3 feet 50 cts. each, 10 for \$4.50; 5 feet 75 cts. each, 10 for \$7.00; 7 feet \$1.15 each, 10 for \$10.00; 9 feet \$1.75 each, 10 for \$15.00.

SUCCESS. Of large size; shell moderately thin. Kernel of rich quality.

SCHLEY. Large size; very thin shell, rich flavor.

STUART. Very large; shell thin. Tree a rapid grower and an early bearer.

DELMAS. Large nut of extra good quality and excellent flavor. Tree a good grower.

WESTERN VARIETIES

Prices, 3 feet 60 cts. each, 10 for \$5.50; 5 feet 90 cts. each, 10 for \$8.50; 7 feet \$1.35 each, 10 for \$12.00; 9 feet \$1.85 each, 10 for \$16.00.

BURKETT. A large, almost round pecan of excellent flavor. Shell thin. Prolific young bearer.

TEXAS PROLIFIC. Large, long nut, well filled. A good bearer.

WALNUTS. (English.) Trees are hardy and good growers, 3 to 4 feet, 75 cts; 4 to 6 feet, \$1.00.

Pomegranates

Prices, 20 cts. each, 10 for \$2.00.

LARGE SWEET. Fruit very delicious;

different from the common sour kind. A good bearer.

Grapes

Prices, heavy 2 years, 15 cts. each, 10 for \$1.30, 100 for \$10.00. Strong 1 year, 12 cts. each, 10 for \$1.00, 100 for \$7.50.

ELLEN SCOTT. Vine healthy, prolific; large clusters. Blue.

EDNA. This is one of the best white grapes that we have.

HERBEMONT. Fruit of medium size,

large clusters, very productive, purple.

NIAGARA. Large, amber-white, good quality.

BLACK SPANISH. One of the best grapes, berries of medium size, good bearer.

CARMAN. Large clusters and berries. A good black grape.

Berries

Prices, except as noted, 10 for 25 cts., 100 for \$2.00.

DALLAS BLACKBERRY. Very productive; large, fine berries.

AUSTIN MAYS DEWBERRY. Fruit very large and fine-flavored; produces a full crop each year. Ripens in May.

McDONALD BERRY. This is a new berry, a cross between the blackberry and the dewberry. Fruit is large, juicy, and of the very best quality. Hardest, most vigorous and most productive of all ber-

ries here. Earliest of all, ripening first of April.

AUSTIN MAYS THORNLESS. Like the Austin Mays Dewberry, only that it has no thorns. 10 for 40 cts., 100 for \$3.00.

STRAWBERRIES. Prices, 10 for 10 cts., 100 for 50 cts., 300 or more, 40 cts. per 100. —Leading varieties: **Improved Klondyke**, **Missionary**, **Lady Thompson**.

YOUNG BERRY. A very strong grower, heavy bearer. Large purple berries. 10 for 50 cts., 100 for \$4.00.

SHADE TREES

Prices, 4 feet 30 cts. each, 10 for \$2.50; 6 feet 40 cts. each, 10 for \$3.50; 7 to 8 feet, 50 cts. each.

CHINESE ELM. This comes from China, and has now been tried out in Texas, and does well in all sections. It is a very rapid grower and promises to fill a want where other Elms have failed.

SYCAMORE. Grows very large in good soil.

POPLAR. Fast growing like the Sycamore.

UMBRELLA CHINA. Makes a fine shade quicker than any other tree.

RED BUD. A very ornamental tree, producing reddish purple flowers early in spring. It is an attractive tree.

STERCULIA PLATANAEFOLIA. (Varnish Tree.) A very desirable shade tree of rapid growth. Leaves large, bark very smooth and green.

RUSSIAN MULBERRY. Hardy and longlived. Grown from seed; fruit is small, some trees will not bear at all.

Evergreen Trees

LIGUSTRUM JAPONICUM. Makes a beautiful shade tree. Green all the year round. 3 feet 35 cts. each, 10 for \$3.00;

5 feet 60 cts. each, 10 for \$5.00; 7 feet 90 cts. each.

SPECIMEN PLANTS

We have a variety of evergreens and shrubs in larger sizes, balled and burlapped at the nursery. Prices reasonable.

Cone Bearing Evergreens

DWARF GOLDEN ARBOR VITAE. Of a dwarf and compact habit, does not grow over 6 to 8 feet. Nice plants 12 inches, 40 cts.

BAKER'S ARBOR VITAE. A fine pyramidal type; compact; good grower. 2 feet 60 cts; 15 inches 40 cts.

PYRAMIDAL CYPRESS. (Italian.) It is of tall, columnar habit. Does well in South Texas. 2 feet 75 cts., 1 foot 40 cts.

BONITA ARBOR VITAE. Dark green, of perfect round growth; does not grow over 3 or 4 feet high. 12 inches 40 cts.

PFITZER JUNIPER. Grayish color, of low, irregular, flat spreading growth. \$1.00 each.

SPINY GREEK JUNIPER. Dwarf, compact, conical in form, very ornamental.

1 foot 75 cts.

ARIZONA CYPRESS. Of a silvery blue color. Beautiful pyramidal tree, horizontal branching. 18 inches 75 cts. 2 feet \$1.00.

Evergreens, Broad Leaved

CALIFORNIA PRIVET. The most satisfactory for hedges or screens, also for single specimens. Prices, 2 to 3 feet, 10 cts. each, 10 for 80 cts., 100 for \$6.00; 18 inch 10 for 40 cts., 100 for \$3.50.

EUONYMUS JAPONICA. A fast growing evergreen shrub, for hedge or single specimen, can be sheared to any form. Prices, 2 feet 50 cts. each; 18 inch 35 cts. each, 10 for \$3.00; 12 inch 20 cts. each, 10 for \$1.60.

AMOOR RIVER PRIVET SOUTH. Similar to California Privet, smaller leaves, round and dense; a hardy, good grower. Prices, 3 feet 35 cts. each, 10 for \$3.00; 2 feet 20 cts. each, 10 for \$1.60; 18 inch 10 cts. each, 10 for 80 cts., 100 for \$6.00; 12 to 15 inch, 10 for 40 cts., 100 for \$3.50.

WAX LIGUSTRUM. Thick waxy leaves. One of the most desirable evergreen shrubs. Prices, 2 feet 50 cts. each; 18 inch 35 cts. each, 10 for \$3.20; 12 inch 25 cts. each, 10 for \$2.20.

JAPAN PRIVET. (*Ligustrum Japonicum.*) The best of all privets, having dark green leaves; fine for single specimens. It makes a beautiful shade tree which produces large bunches of creamy white flowers. Prices, 4 feet 50 cts. each; 3 feet 35 cts. each; 2 feet 25 cts. each, 10 for \$2.20; 18 inch 20 cts. each, 10 for \$1.60; 1 year, 12 to 15 inch, 10 for 60 cts., 100 for \$4.50.

Pruned into tree form, 7 feet 90 cts. each; 5 feet 60 cts. each, 10 for \$5.00; 3 feet 35 cts. each, 10 for \$3.00.

MAGNOLIA GRANDIFLORA. A beautiful, long-lived tree. In summer it produces large white flowers. Leaves should be cut off before planting. Prices, 5 feet \$1.25 each; 4 feet 90 cts. each; 2 feet 60 cts. each.

NANDINA DOMESTICA. A beautiful evergreen shrub of upright growth; white flowers produced in long panicles, followed by red berries. Plants, 18 inch 60 cts. each; 12 to 15 inch 40 cts. each, 10 for \$3.50. Small plants 20 cts. each, 10 for \$1.60.

CAPE JASMINE. Large glossy foliage; flowers large, white and delightfully fragrant. Prices, 2 feet 45 cts. each; 18 inch 30 cts. each.

SENISA. ASH PLANT. Ash-colored foliage. Blooms in summer, pale lilac flowers. Nice plants 35 cts. each. Strong plants 50 cts. each.

JASMINE HUMILE. A spreading or viny shrub. Pretty green foliage with small yellow flowers in summer. Nice plants 25 cts. each; strong plants 40 cts. each.

JASMINE NUDIFLORUM. A desirable viny shrub. Small leaves, small yellow flowers in early spring. Nice plants 20 cts.

each; strong plants 35 cts. each.

JAPANESE LOQUAT. Broad leaf evergreen plum. Blooms in the fall and winter. Very fragrant. 12 to 18 inch, 60 cts., 2 feet \$1.00.

ABELIA GRANDIFLORA. A popular evergreen; glossy leaves; blooms all summer, small white flowers. Nice plants 25 cts. each; strong plants 40 cts. each.

PYRACANTHA LALAND. Small white flowers in the spring, followed by orange-red berries lasting through the winter. 12 to 15 inch 50 cts., 15 to 18 inch 75 cts.

OLEANDER. Long narrow shining green leaves. Large heads of flowers in the summer. Double, pink and red. 18 inch, 30 cts.

CHERRY LAUREL. Has medium sized glossy green leaves. Stands shearing well. 2 to 3 feet, \$1.25.

BOXWOOD. Small leaved, slow growing small plants, 6 to 8 inch, 20 cts., 8 to 12 inch, 35 cts.

PAMPAS GRASS. Large silver white plumes on long stalks. Strong divisions, 25 cts. Heavy plants 50 cts.

EVERBLOOMING ROSES

"The Queen of Flowers"

The following varieties are the best and finest obtainable. All are hardy outdoors. Trim off about one-half of the wood when planted.

Prices, selected plants 35 cts. each, 10 for \$3.25; strong plants 25 cts. each, 10 for \$2.25.

KAISERIN AUGUSTA VICTORIA. Pearly white, a grand rose of vigorous growth.

WHITE KILLARNEY. A sport from Killarney; long in bud.

WHITE LA FRANCE. Finest white large flowers, free bloomer.

FRAU KARL DRUSCHKI. (White American Beauty.) Vigorous grower, with bright green leaves. Splendid long buds and magnificent white blooms with large

saucer-shaped petals.

CALEDONIA. Pure white. A grand white rose.

ANTOINE RIVOIRE. Large, double, creamy white, tinted pink.

LOS ANGELES. A strong grower and good bloomer, pink, shaded gold; long pointed buds.

MRS. E. P. THOM. Deep clear canary-yellow.

ROSSLYN. Golden yellow and deep orange.

SUNBURST. The color is golden orange; edge of petals lighter. One of the yellowest of roses.

LUXEMBURG. Flowers deep orange, long pointed buds. Strong grower.

SOUVENIR DE CLAUDIUS PERNET. Large, orange-yellow, perfectly full, of elegant form, beautiful buds.

REV. F. PAGE ROBERTS. A fine rose, orange-yellow color, borne on long stems; fragrant.

COUNTESS OF ILCHESTER. Large double; light red. A strong grower and very good bloomer.

DAME EDITH HELEN. Large buds and flowers of deep clear pink.

MRS. CHARLES BELL. Shell pink Radiance. Thrifty grower. A clear shade of salmon-pink.

DAILY MAIL. Flowers of medium size, bright rosy scarlet, shaded with yellow. Pretty in bud; a beautiful color.

J. L. MOCK. Large clear flowers, borne on stiff and erect stems; highly perfumed.

BETTY UPRICHARD. Copper-red and orange carmine.

TALISMAN. A new rose. Orange-red buds. Opens to a pointed bloom of golden yellow, with copper-red and orange on the inside of petals.

PRESIDENT HOOVER. Long buds, opening to varying colors, red, yellow and gold.

F. W. DUNLOP. Deep rose color. Large and double. Good bloomer.

LADY HILLINGDON. Apricot yellow, long pointed buds.

COLUMBIA. A large peachblow pink rose, on long stems, nearly thornless.

MADAM BUTTERFLY. A bright pink, changing to apricot yellow. Free bloomer; large perfect flowers.

PAUL NEYRON. Bright shining pink, clear and beautiful; very double and full. The largest of all rose blooms. The plant is a strong grower and stems are almost thornless.

PINK KILLARNEY. With pointed buds and large semi-double flowers, a brilliant pink.

LA FRANCE. Silvery rose, very large and of beautiful form.

RED RADIANCE. The "Radiance" duplicated except in color, being a brilliant crimson.

AMERICAN BEAUTY. Brilliant red; very large, cup-shaped flowers borne on stiff bushy stems.

ETOILE DE HOLLAND. A fine deep, bright red rose. A good grower.

ETOILE DE FRANCE. A fine new rose. Flowers very large and double, on long stiff stems; dark crimson in color.

GRUSS AN TEPLITZ. Bright scarlet, best bedding rose, blooming freely.

FRANCIS SCOTT KEY. A crimson rose of good size. Strong grower, large foliage.

SENSATION. Brilliant red. Long pointed buds. Flowers always fine.

Have a few of other varieties, old and new, if you state the color wanted, I can please you.

CLIMBING ROSES

CLIMBING KAISERIN AUGUSTA.

Flowers same as the bush Kaiserin; free bloomer.

BLUE RAMBLER. A sport from Crimson Rambler; vigorous climber. The nearest approach to a blue rose.

CLIMBING GRUSS AN TEPLITZ.

Strong climber, free bloomer. Crimson flowers.

REINE MARIE HENRIETTE. Of vigorous growth, producing wellformed, rich crimson flowers. It is a first-class climber.

CLIMBING AMERICAN BEAUTY. A seedling of American Beauty with an admixture of Wichuriana blood. A hardy rapid climber. Flowers same as the bush sort.

CLIMBING COLUMBIA. Buds and flowers same as "Columbia." A good pink climbing rose.

MARECHAL NIEL. Beautiful yellow, a very large, free bloomer, the finest climbing rose.

PAUL'S SCARLET. Blooms for a long period of time in the spring; vivid scarlet.

FLOWERING SHRUBS

Prices, nice plants 20 cts. each, 10 for \$1.60; strong plants 25 cts. each, 10 for \$2.20; heavy plants 35 cts. each, 10 for \$3.20.

Planting, Cultivating, etc.

If trees cannot be planted immediately when received they should be unpacked and set in trench; cover roots with mellow earth and thoroughly wet. If trees are frozen when received, the whole bundle should be laid in a trench and covered with earth, or placed in a cool cellar until the weather moderates.

To plant trees dig holes large enough to hold roots in their natural position. When a plow can be used the holes are easily dug by throwing out two or three furrows and shoveling out the dirt where the trees are to stand. Set the tree so that it will stand the same depth as it did in the nursery, then fill in soil to cover roots, and pour in a bucket or two of water. When this is soaked into the ground, then fill in the balance of soil, and then cut the tree back to about 2 to 4 feet, according to size and age of tree.

Cultivating.—Frequent and thorough cultivation, especially for the first year or two, is almost necessary.

To prevent rabbits from injuring young trees, would suggest that either corn stalks or old newspapers be tied around each tree.

Selection of Varieties.—Except where particular varieties are wanted, the best assortment is secured by leaving the selection to us, stating the general character of the soil, the desired time of ripening, etc.
